* Where design, installation and commissioning are not all the responsibility of a single organisation or person, or where this Certificate does not relate to system testing, the relevant words should be deleted. The signatory of the Certificate should sign only as confirmation that the work, for which they have been responsible, complies with the relevant recommendations of BS 5839-6:2004. A separate Certificate(s) should then be issued for other work.

This Certificate may be required by an authority responsible for enforcement of fire safety legislation, such as building control authority or housing authority. The recipient of this Certificate might rely on the Certificate as evidence of compliance with legislation. Liability could arise on the part of any organisation or person that issues a Certificate without due care in ensuring it's validity.
