Introduction and guidance on completing the report

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. The report **must** be returned to the Office of the Schools Adjudicator by **30 June 2019**.
2. Please note that the specified date for returning this form by 30 June is a Code requirement; this is why some data are asked for by financial year.
3. We have made some changes to the information and categories of information sought this year:
 - a. we have removed references to “all through” schools and instead would be grateful if local authorities would follow the approach used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002², and
 - b. we have decided not to use the term “own admission authority schools” to mean those schools for which the local authority is not the admission authority (that is foundation, voluntary aided and academy schools). This is because a large number of arrangements are now determined by multi-academy trusts. We will therefore refer to ‘schools for which the local authority is not the admission authority’.
4. Local authorities will notice that we have not included this year a number of questions which have been asked in past years. This is because we judge that we are unlikely to receive much information that adds to the existing body of knowledge and do not wish to take up local authorities’ time unnecessarily. We have not asked:
 - a. for details of the particular provisions of admission arrangements determined by other admission authorities challenged by local authorities;
 - b. local authorities’ views of how well the interests of children with special educational needs or disabilities are met at the normal points of admission;
 - c. about the advantages and disadvantages of co-ordinating in year admissions;
 - d. about the reliance on paragraph 3.12 of the Code by other admission authorities in the local authority’s area;
 - e. for information about admission authorities’ approaches to deciding whether or not they had places available in year; or

¹ [Department for Education Statistical First Release](#)

² [The Education Middle School \(England\) Regulations 2002](#)

- f. for the number of children refused admission to a school under the fair access protocol.

Local authorities are, of course, free to comment on any of these matters if they wish to do so under section 6. The views expressed by local authorities in previous years also remain a matter of public record.

5. We are asking new questions this year about:

- a. the proportion of schools with other admission authorities in the local authority area for which the local authority ranks preferences for the schools concerned on the admission authorities' behalf;
- b. use of oversubscription criteria which give priority to children adopted having previously been in care abroad; and
- c. how well served are children who are looked after by another local authority but being educated in the area of the local authority submitting the report.

6. We continue to ask about the use of the premiums in admission arrangements but have provided further guidance on this in footnote 11. In particular, we ask local authorities to include in their responses schools using part of any of the premiums (such as free school meals eligibility). Please consider this footnote before answering the questions on this matter.

Information requested

Section 1 - Normal point of admission

- a. This local authority has no community or voluntary controlled primary schools (please tick box if this applies)
- b. This local authority has no community or voluntary controlled secondary schools (please tick box if this applies)

- ii. Please specify the date the determined arrangements for voluntary controlled and community schools were published on the local authority's website.

20/02/2019

- iii. Please provide a link to where the admission arrangements can be viewed on the local authority's website on publication.

<http://www.reading.gov.uk/admissionsarrangements>

iv. What proportion of arrangements for schools for which the local authority is not the admission authority was provided to the local authority by 15 March 2019?

None Minority Majority All

	Primary	Secondary
v. How many sets of admission arrangements of schools for which the local authority is not the admission authority were queried directly by your local authority because they were considered not to comply with the Code?	1 (Tie breaker was not lawful this has been amended now)	0
vi. Please provide any comments on the determination of admission arrangements not covered above.		

B. Co-ordination

i. Provision of rankings:

a. What proportion of schools for which the local authority is not the admission authority provided their rankings correctly undertaken by the agreed date?

None Minority Majority All

b. For what proportion of schools with other admission authorities in the local authority's area did the local authority rank preferences expressed for those schools in 2019?

None Minority Majority All

ii. Please provide any comments you wish to make in respect of provision of rankings:

We had a delay from one of our Grammar schools in providing us with the ranked list, which then caused us to be behind of the transferring of data between the other LA's

iii. Does the local authority charge schools for providing rank preferences?

Yes No

iv. Does the local authority rank preferences for other admission authorities in OTHER local authority areas and, if so, for how many schools?

No

v. How well did co-ordination of the main admissions round work?	Not well	A large number of small problems or a major problem	Well with few small problems	Very well
Reception			X	
Year 7		X		
Other relevant years of entry				X
vi. Please give examples to illustrate your answer:				
<p>We were delayed pushing our 'make offers' button by one of our Grammar schools failing to provide their ranked list on-time, this meant we did not realise the issue below until two weeks prior to National Offer Day.</p> <p>This year Reading was faced with the issue of having 363 children who had applied on time not being offered any of their preferred schools and only having 221 places. This left 142 children without a school place.</p> <p>Three schools were asked by Brighter Futures for Children to take a bulge class and agreed. These schools are Highdown School, The Wren School and Blessed Hugh Faringdon Catholic School. In addition to this Maiden Erlegh in Reading agreed to take an additional 12 Students on National Offer Day only. This meant as at 1 March 2019, there were no places available in any schools in Reading. After National Offer Day this changed as a number of children selected either Independent schools or schools out of the borough. We currently have 38 places across the town.</p>

Section 2 - In year admissions⁴

A. The number of in year admissions

i. Do you know the number of in year admissions to primary schools in your local authority area? Yes No

ii. If 'no' is this for one or more of the following reasons (tick boxes as appropriate) because:

- schools with other admission authorities are not complying with the requirement in paragraph 2.22 of the Code to notify the local authority of applications for places and the outcome;

⁴ By in year we mean admission at the start of any school year which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven primary school) and admission during the course of any school year after the end of the statutory waiting list period in normal years of admission.

- the local authority does not use the information provided by schools with other admission authorities to collect the numbers of in year admissions; and/or

other?

(please specify)

iii. Do you know the number of in year admissions to secondary schools in your area? Yes No

iv. If 'no' is this for one or more of the following reasons (tick boxes as appropriate) because:

- schools with other admission authorities are not complying with paragraph 2.22 of the Code;
- the local authority does not use the information provided by schools with other admission authorities to collate the numbers of in year admissions; and/or

other?

(please specify)

v. If the local authority does know the number of in year admissions to state funded schools in its area, please complete the following table.

	Primary aged children	Secondary aged children
Number of in year admissions between 1/9/17 and 31/8/18	1074 - applications received	318 - applications received
Number of in year admissions between 1/9/18 and 31/3/19	698 - applications received	239 – applications received

B Co-ordination of in year admissions

i. To what proportion of community and voluntary controlled schools did the local authority delegate responsibility for in year admissions in the academic year 2018/19?

a) Primary: Not applicable⁵ None Minority Majority All

b) Secondary: Not applicable⁵ None Minority Majority All

ii. For what proportion of schools for which the local authority is not the admission authority does the local authority co-ordinate in year admissions?

a) Primary: None Minority Majority All

b) Secondary: None Minority Majority All

iii. Please provide any comments on the co-ordination of in year admissions if you wish.

We do not rank waiting lists for those Primary schools who have more complicated oversubscription criteria, such as our VA schools.

This can be a disadvantage as some of these schools do not inform us if they have offered a place from their waiting list so we assume the child is still looking for a school place.

C Looked after children and previously looked after children

i. How well does the in year admissions system serve children who are looked after by your local authority and who are being educated in your area?

Not at all Not well Well Very well Not applicable⁶

ii. How well do the in year admission systems in other local authority areas serve the interests of your looked after children?

Not at all Not well Well Very well Not applicable⁶

⁵ 'Not applicable' will only be appropriate if the local authority has no community or voluntary controlled primary/secondary schools.

⁶ 'Not applicable' will only be appropriate if there are no children falling within this definition.

- iii. How well does your admissions system serve the interests of children who are looked after by other local authorities but educated in your area?

Not at all Not well Well Very well Not applicable⁶

- iv. How well does your in year admissions system serve the interests of previously looked after children?

v. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about looked after and previously looked after children:

none

D Children with special educational needs and/or disabilities

- i. How well served are children with special educational needs and/or disabilities who have an education health and care plan that names a school when they need to be admitted in year?

Not at all Not well Well Very well Not applicable⁷

- ii. How well served are children with special educational needs and/or disabilities who do not have an education health and care plan when they need to be admitted in year?

Not at all Not well Well Very well Don't know

iii. Please give examples of good or poor practice or difficulties which support or exemplify your answers:

We are experiencing an increasing number of children arriving to the UK with a number of special educational needs and/or disabilities. A number of our schools are reluctant to take the children and therefore the team have to work more closely with those schools to ensure the child is equally treated.

⁷ 'Not applicable' will only be appropriate if there are no children falling within this definition.

E Other children⁸

- i. How well served are other children when they need a new school place in year?

Not at all Not well Well Very well Don't know

- ii. Please provide any comments you wish to make in respect of other children:

We try and process applications for families who have moved to the area due to fleeing Domestic Violence as quickly as possible.

We liaise well with our Education Welfare Team for the Travelling community. We process these applications as soon as possible so the children are offered a place so they can join a school before they move to a new area. This does not work for travelling families who prefer to home educate their children and do not want contact from our team.

F Fair access protocol

- i. Has your fair access protocol been agreed⁹ with the majority of state-funded mainstream schools in your area?

Yes for primary
 Yes for secondary

- ii. If you have not been able to tick both boxes above, please explain why:

- iii. How many children were admitted to schools in your area under the fair access protocol between 1 April 2018 and 31 March 2019?

Type of school	Number of children admitted	
	Primary aged children	Secondary aged children
Community and voluntary controlled	0	0
Foundation, voluntary aided and academies	0	11
Total	0	11

⁸ Other children are those not looked after, previously looked after or with special educational needs and/or disabilities.

⁹ An existing protocol remains binding on all schools up until the point at which a new one is adopted.

iv. How well do you consider hard to place children are served by the fair access protocol in your area?

Not at all Not well Well Very well Not applicable¹⁰

Please make any relevant comment on the protocol not covered above.

Secondary

Head teachers have agreed a process that allows for a more rapid response between schools which is in the best interests of pupils when arranging Managed Move trials.

A Pupil Admission meeting is held every 4-5 weeks to discuss any children under the Fair Access Protocol. Representatives from Reading Secondary schools and our neighbouring LAs meet to agree admissions and managed moves.

From September 2018 - 8 Reading schools have admitted children under the FAP. 7 Reading children have been admitted at a school in our neighbouring authorities. A total of 15 in this academic year have been admitted.

Primary

It had been identified this year that a better process is needed for primary school children in regards to FAP. As of yet there has been no primary children needing to be admitted under FA into a school.

Section 3 - Directions

A. How many directions did the local authority make between 1 April 2018 and 31 March 2019 for children in the local authority area?

	Primary aged children (not looked after)	Primary aged looked after children	Secondary aged children (not looked after)	Secondary aged looked after children
Voluntary aided or foundation	0	0	0	0

B. Please add any comments on the authority's experiences of making directions in these circumstances.

¹⁰ 'Not applicable' would mean that there were no hard to place children for which the protocol was required.

C. How many directions did the local authority make between 1 April 2018 and 31 March 2019 for a maintained school in another local authority area to admit a looked after child?				
For primary aged children		For secondary aged children		
0		0		
D. Please add any comments on the authority's experiences of making directions in these circumstances.				
E.	Primary aged children (not looked after)	Primary aged looked after children	Secondary aged children (not looked after)	Secondary aged looked after children
How many requests to the ESFA to direct an academy to admit a child did the local authority make between 1 April 2018 and 31 March 2019?	0	0	0	0
How many children were admitted to an academy school as a result of the request for a direction by the local authority to the ESFA between 1 April 2018 and 31 March 2019?	0	0	0	0
How many requests were outstanding as at 31 March 2019?	0	0	0	0
F. Please add any comments on the authority's experiences of requesting directions in these circumstances. We have not had to direct but have had to advocate and negotiate very strongly for our children in some situations and then achieved a positive outcome.				

G. Any other comments on the admission of children in year not previously raised.

No

Section 4 - Pupil, service and early years pupil premiums (the premiums)¹¹

A. How many community or voluntary controlled schools in the local authority area will use each premium as an oversubscription criterion (including the tiebreaker) for admissions in 2020?	Primary	Secondary ¹² <u>excluding</u> grammar	Grammar ¹²
Early years pupil premium	22	N/A	N/A
Pupil premium	22	0	N/A
Service premium	22	0	N/A
Total number of schools using at least one premium in their oversubscription criteria	22	0	N/A

¹¹ Please include in these figures all schools whose arrangements give priority on the basis of eligibility for one or more of the premiums or part thereof except where the only sub-group is looked after and previously looked after children as all schools must give first priority to these children.

Admission authorities can limit priority to specific sub-groups of those who attract a premium. Examples are:

- children of parents who are currently serving in the UK regular armed forces (rather than all children who attract the service premium); or
- children who are eligible for free school meals at the time of application (rather than all children who attract the pupil premium).

If such sub-groups have priority at any point within the oversubscription criteria, they should be included in the totals for this table even if there is no specific use of the terms, 'pupil premium,' 'early years premium' or 'service premium' in the arrangements. Paragraphs 1.39A and 1.39B of the Code provide the relevant exceptions to paragraph 1.9f (which prohibits giving a priority to a child according to the occupational or financial status of parents applying).

¹² Do not include use in post 16 arrangements

B. How many schools for which the local authority is NOT the admission authority in your area will use each premium as an oversubscription criterion (including the tiebreaker) for 2020?	Primary	Secondary ¹² <u>excluding</u> grammar	Grammar ¹²
Early years pupil premium	1	N/A	N/A
Pupil premium	0	1	2
Service premium	0	0	2
Total number of schools using at least one premium in their oversubscription criteria	1	1	2

Section 5 - Electively home educated children

A. How many children were recorded as being electively home educated in the local authority area on 29 March 2019?

147

B. Any comments to make relating to admissions and children electively home educated that you have not previously raised?

no

Section 6 - Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

None

Section 7 - Feedback

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2020.
