Notice of Meeting – Schools' Forum

A meeting of the Schools' Forum will be held on January 14, 2021 at 5pm. This will be held virtually using Microsoft Teams, the link will be sent via email. The Agenda for the meeting is set out below.

| AGENDA | | |
|--------|--|--|
| 1. | Welcome and apologies - Chair | |
| 2. | Minutes of the meeting held on December 3, 2020 including matters arising - Chair | |
| 3. | Schools' Forum Membership Update – including confirmation of representation - Chair | |
| 4. | DSG Budget Overview for 2021/22 including announcements made in December 2020 – Schools/DSG Business Partner | |
| 5. | Final School Funding Formula for 2021/22 – Schools/DSG Business Partner | |
| 6. | De-delegations for 2021/22 - Schools/DSG Business Partner | |
| 7. | Central School Services Block Budget for 2021/22 – Schools/DSG Business Partner | |
| 8. | DSG Budget Monitoring 2020/21 – Month 9 – Schools/DSG Business Partner | |
| 9. | SEND Update, including review of resource provision funding – Director of Education & Schools/DSG Business Partner | |
| 10. | Agenda items for next meeting High Needs Block Budget for 2021/22 Early Years Block Budget for 2021/22 Budget monitoring 2020/21 month 11 (including update on deficit recovery plan) SEND update and review of top up bandings Update to Scheme for Financing Schools Schools' Forum meetings 2021/22 | |
| 11. | Any other business | |

Next Meeting: March 11, 2021 at 5pm

Agenda Item 2

Minutes of Schools' Forum Meeting

3 December 2020

Brighter Futures for Children

Members Present

Jo Budge – Executive Head Teacher of Reading Early Years Schools Federation; Justine McMinn – Head Teacher of E P Collier; Cathy Doberska – Head Teacher of English Martyrs; Peter Kayes – Governor at the Ridgeway; Richard Rolfe – Governor at Micklands (Chair); Dani Hall - Co-Chair of the Federation between Oxford Road Community School & Wilson School; Simon Uttley – Head Teacher of Blessed Hugh Faringdon; Karen Edwards – Head Teacher of The Heights; Jane Brown – Business Manager of Churchend (substitute); Isabelle Sandy – Business Manager of Kendrick; Claire Brown – Business Manager of Prospect School (substitute); Dorothy Company – Business Manager of Highdown School (substitute); Annal Nayyar – Finance Director of Bayliss Trust (Reading Girls); Louise Baker – Principal of JMA (substitute); Mark Hester – Cranbury College (substitute); Charlotte Morgan – Reading College; Alison McNamara - NEU.

Apologies

Julia Cottee - Governor at Reading Early Years Schools Federation; Robert Howell – Head Teacher of Alfred Sutton; Tonia Crossman – Head Teacher of Emmer Green; Lee Smith – Head Teacher of Holy Brook; Symon Cooke – Head Teacher of The Avenue; Ita McGullion – Manager of Kennet Day Nursery.

In attendance

Cllr Ashley Pearce – Lead Member for Education; Ann McDonnell – Business Manager of Blessed Hugh Faringdon; Kate Reynolds - Director of Education & Research; Deborah Glassbrook – Director of Children's Services; Claire White – Schools & DSG Business Partner; Clare Warren – School Support Lead; Steven Davies – Strategic Business Partner; Siobhan Egan – Service Manager IT & Data Intelligence; Vanessa Hurdle – minute taker.

| | Item | Notes |
|---|----------------------------------|--|
| 1 | Welcome and apologies - Chair | The Chair welcomed everyone to the meeting. |
| | | Claire White read out the protocol for the virtual meeting and confirmed who was eligible to vote and for which votes. Recording of the meeting commenced. The recording will be retained until the minutes have been approved. |
| | | Apologies were noted. |

| | | Minutes were agreed as an accurate record of the meeting |
|---|--|---|
| 2 | Minutes of the meeting held on 15 October 2020 - Chair | from the 15 October 2020. Matters arising: Academy Membership – The Academies have still not confirmed who their fifth Secondary school member will be. Isabelle has not heard back from Ashley Robson, Head of Reading School. She will email him again. Richard confirmed that he would also be happy to contact Ashley. Alternative Provision – The discussions that took place on this issue have resulted in a further paper being added to this Agenda as Item 9. |
| 3 | Schools' Forum Membership Update – including confirmation of representation - Chair | Richard re-iterated that the Forum had full membership, apart from the name of the fifth Academy Secondary member. |
| 4 | DSG Budget Overview for 2021/22 - Schools/DSG Business Partner | Claire White Presented. There is little to update since the last meeting on DSG funding for 2021/22. The Growth Funding DSG allocation will be based on the same formula basis as previously. Using the draft October 2020 census data, it is expected that the allocation will fall to £0.845m. This is a reduction of £0.5m. The Early Years funding for 2021/22 has still not been released. It usually comes out in mid-November but has been delayed due to the Spending Review at the end of November. The only information that has been released is that there will be an additional £44m to increase the hourly rate. This is £22m lower than the increase given in the current year and will probably equate to an increase of about 5p per hour, compared to 8p per hour increase this year. It is not known what data will be used for the Early Years funding next year. The January 2021 census would normally be used. The figures for this period could be low but may pick up from the Spring term onwards when people have been vaccinated. This could, therefore, have a significant impact. Further details should be released by mid-December. Jo Budge stated that Parliament had announced that day that there is £60m available for maintained nurseries for this year and that a longer-term permanent solution would be announced imminently. |

| The Schools' Forum needs to decide on the transfer of funding from the Schools Block to the High Needs Block. All schools have been consulted on this issue (Consultation Paper is in Appendix 2). Table 4 shows the results of this consultation. Thirty nine per cent of mainstream schools responded, with 67% opting for option 2 – the transfer of £484k. 28% opted for option 1 – the transfer of £350k. Only one school voted in favour of no transfer of funds occurring. |
|--|
| It was explained that the funding would be ring-fenced and used for schools with a higher proportion of pupils with EHCPs. The Forum was asked to vote on the three options presented. |
| The result of the vote was: 13 votes for option 2 and 1 vote for option 1. None against (option 3). AGREED to transfer £484k from the Schools Block to the High Needs Block in 2021/22. |
| The remaining part of the report is to establish the requirements to set the DSG budget for 2021/22. |
| The Schools Block budget will be set according to the decisions made on other reports during the meeting. |
| An additional £2m is expected for the High Needs Block, but this will largely be used on increases in numbers and costs of top-ups. Reading is also increasing the number of places in some of its settings, which needs to be built into the budget, and there are other further demands being placed on this block. It currently looks unlikely that the deficit will be reduced next year. |
| Although the additional funding has been confirmed for next year there is currently no confirmation of increases beyond 2021/22. The Government is currently reviewing the issue of High Needs funding, particularly in light of the fact that there are a number of LAs with very significant deficits. |
| A first draft of the HNB budget will be brought to the January meeting. |
| Indications are that it will be a minimal increase for the Early Years block, but the main question is which census will be used to base the funding on. Decisions on this block will be made at the March 2021 meeting. |
| Details of the Central Schools Block will be discussed at the January 2021 meeting. It is expected that the budget will match the funding available. |

| | | Isabelle asked if the plans to reduce the deficit were in any way still achievable. It was explained that it now looks as if it will not be possible to reduce the deficit either this year or next. The intention is, therefore, in the short term to try and cap the deficit at its current level, and if at all possible avoid significant increases. Kate Reynolds confirmed that the Schools' Forum would need to make any decisions on the High Needs block, and that keeping the deficit contained may have an impact on decisions. The funding announced so far and requirements for setting the 2021/22 budget were NOTED. |
|---|--|---|
| 5 | School Funding Formula for 2021/22 – Schools/DSG Business Partner | Claire White presented. This is very much the same report that was presented at the October 2020 meeting. It has been circulated to all schools for comment. No comments have been received so it has been assumed that schools are happy with the approach that is detailed in 4.8. This approach is to mirror the National Formula Funding as closely as possible. If there is a shortfall then all the factor values will be reduced by the same percentage. The minimum pupil funding levels and the minimum funding guarantee will be set as per the national levels. Being able to closely mirror the national funding levels will depend on the pupil characteristic changes in the October 2020 census. The final data for this is due in a few weeks' time. Currently it appears that deprivation has increased. The number of pupils entitled to Free School Meals has gone up. This may be a pressure on being able to achieve the national funding formula values. Also, transferring the higher amount from the schools' block of funding to the high needs block will have an impact. There is still no decision as to when the 'hard' formula will be implemented. The Consultation on this was due out before Christmas, but this has not yet happened. However, the Government is hoping to put into place for 2022/23 a central billing system for business rates. These will then be paid directly by the DFE to Local Authorities and not be part of the funding formula. |
| | | The Forum was, therefore, asked to vote on adopting the approach set out in 4.8. |

| | | 14 members agreed the strategy proposed in 4.8 for setting the school formula, with none against |
|---|---|--|
| | | AGREED to the proposal set out in paragraph 4.8 to set the school formula in 2021/22. |
| 6 | | Claire White Presented. The Growth Fund is intended for new schools, for schools that are expanding or for bulge years, all as a result of basic need and pre agreed by the local authority. The funding for this is included in the Schools Block but has a separate formula which is based on pockets of growth. The October 2019 census figures are compared with those of October 2020 to see if there has been pupil number growth in that area. Funding is then allocated according to the numbers of growth. If there has not been any growth or a reduction in pupil numbers, money is not deducted. |
| | | Reading's actual growth in numbers for this year is lower. Funding for 2021/22 is, therefore, estimated to be £0.845m, which is a reduction of £0.5m. For 2018/19 Reading received £2m, so this is a substantial reduction over the last few years. |
| | | The Schools' Forum is required to vote on this annually as the requirements will change year on year. The requirements for 2021/22 are as follows: |
| | Growth Fund for 2021/22- Schools/DSG Business Partner | Primary – Civitas Academy will have its final year group added from September 2021. The new school at Green Park Village opened in September 2020 and will require funding for each year group added in the next six years. |
| | | Secondary – Highdown School will complete its expansion in 2021/22. A new school – River Academy – is due to open in September 2023. However, until this occurs bulge classes will be required – estimated at four in 2021/22 and six in 2022/23. |
| | | The funding in 2020/21 was based on the minimum per pupil funding levels in the school formula. These are £3,750 for primary and £5,000 for secondary. For 2021/22 the equivalent rates are £4,180 for primary and £5,415 for secondary. The reason for the large increase is because these rates include the teachers' pay and pension grants. It is recommended that Reading uses these rates as they are used in the national formula funding. |
| | | The budget requirement using these rates for 2021/22 will, therefore, be £971k. It has been estimated that in year funding will be £845k, with a further £109k from ESFA. This is to pay academies for the period April – August. It is also |

| | | expected that there will be a carry forward of £623k. This means that there should be more than enough funding for 2021/22, but the surplus should be ringfenced and carried forward for future requirements such as the bulge classes and the new secondary school due to the uncertainty of future funding. 6.1 sets out the criteria for receiving funding from the Growth Fund. The budget to be set for 2021/22 is £1.577m, with £388k transferred to the school formula and the growth fund budget set at £1.189m with any underspends carried forward to 2022/23. Isabelle wished it to be noted that Kendrick School had expanded and taken on an extra cohort and will be doing so for the next four years. The School has not received any support from the Growth Fund but has contributed significantly to help relieve the bulge classes problem. Kate Reynolds explained that she had met several times with representatives from Kendrick School on this issue. She had also pursued this matter with the Regional Schools' Commissioner and the DFE, which referred the School to the ESFA. Isabelle thanked Kate for all her help in this area and confirmed that the ESFA would not provide any funding for Kendrick. The Forum was asked to make two votes – the first on the |
|---|--|---|
| | | criteria for the allocation of funding and the second on the actual amount to set for the budget. 14 members agreed the criteria as proposed in 6.1, with none against 12 members agreed the amounts as proposed in 6.2, with |
| | | one member abstaining from the vote. None against. AGREED to the growth fund criteria and budget as set out in |
| | | paragraphs 6.1 and 6.2. |
| | | Claire White presented. |
| 7 | DSG Budget Monitoring 2020/21 – Month 8 - Schools/DSG Business | There has not been any change to the DSG allocation since October's meeting. All official notifications have now been received from ESFA, which match what had been predicted. |
| | Partner | The only change that is now expected is Early Years as information has not yet been released as to how the Spring Term will be funded. In normal circumstances it should be based 7/12 on the January 2021 census. The Government has |

| already stated that the Autumn Term is to be based on the |
|--|
| January 2020 census. |
| The end of year position forecast as at Month 8 is a deficit of £1.477m. This has increased from the last meeting when the deficit was reported as £881k. Variances are shown in 4.3 but some of these underspends are ringfenced so do not reflect the true position. One example is the Growth Fund as the surplus here will be required in 2021/22. It is also highly likely that the Early Years' contingency will be required and will decrease before the end of the Financial Year. |
| In the Early Years Block, providers have been funded for the Autumn Term using the October 2020 figures. If the figures were lower than those for the previous year, then the October 2019 figures were used. This has, therefore, resulted in a cost of £642k - £395k to PVI settings and £246k to schools. A third of this has come from contingency, the remainder being met by funding based on the January 2020 census rather than the usual January 2021. For the Universal Entitlement there were 318 children (13%) fewer than in October 2019, for the Extended Entitlement it's 56 children (29%) less and for two year olds it's 53 children (14%) fewer. This leaves £0.206m in contingency which does not leave much for further sufficiency payments to providers in Spring 2021 if Government funding is based on Spring actuals. |
| The High Needs Top Up Funding is £464k over budget. As is shown in Table 4, the budget is £15.5m and is based on February 2020 data. Increases were predicted based on recent trends. It was estimated that EHCPs would increase by 100 and an increase of 2% was built in for inflation. The overspend is higher than what was reported at the previous meeting due to the Autumn Term changes having now worked their way through to the payment system. The biggest increase is in Independent Schools, which relates to 12 placements. There have also been a few placements which have been very high, at around £100k each. These had not been predicted or budgeted for. |
| It is expected that the Other Alternative Provision figure will reduce by the end of the financial year as it has been assumed that all pupils will be in their current placements until the end of the financial year, but this is not usually the case. The provision is usually temporary until something more permanent can be found. This, however, means that the figures in the other categories will increase as a placement is made. |

| | | This is still a better position than many other local authorities |
|----|---|---|
| | | who are seeing their high needs deficits double in year. |
| | | The Inclusion Fund is funded by the transfer from the Schools Block to the High Needs Block. £350k has been transferred in 2020/21. Based on Autumn figures it is forecast that this budget will overspend by £150k. It is, therefore, proposed that the percentage used for calculating the number of EHCPs over which schools gets funded should be increased for the Autumn Term so that no overspending occurs. All schools that are eligible for this funding will still receive it, but at lower rate. As the Forum has now voted to increase the funding for this budget, higher funding can resume from the Summer Term. |
| | | Appendix 4 shows the updated Deficit Recovery Plan. The deficit is predicted to increase by £206k in 2020/21, bringing the total deficit to £2.3m. If funding of £2m is still received each year and increases in the number/cost of EHCPs don't increase more than recent trends this would mean that the deficit could still be repaid by 2023/24. This is, however, highly unlikely so the best that can be hoped for is that the deficit is kept under £2m. A more detailed forecast will be presented at the January 2021 meeting. |
| | | Kate reminded the Forum that a new Free Special School – Oak Tree - will be opening on the Reading/Wokingham border in September 2022. This will mean that pupils no longer go out of borough as Oaktree, which will be part of the Maiden Erlegh Trust, will have places for 75 pupils from Reading. This should generate £2m in savings. |
| | | Jo Budge was invited to comment on the impact that Covid is having on nurseries. She confirmed that it is difficult to assess, but that there are fewer pupils staying for the whole day. This is both due to the fact that parents have either been furloughed and are not entitled to the 30 hours or wish to keep their children at home during the pandemic. |
| | | The budget position for 2021/22 was NOTED. |
| | | Kate Reynolds and Claire White presented. |
| 8. | Future Top Up Funding Proposal – Director of Education & Schools/DSG | It is a financial challenge for schools with pupils who have special educational needs and disabilities. A review is, therefore, being undertaken, with the aim to offer a new approach for funding schools. |
| | Business Partner | The Schools Forum was, therefore presented with a series of five options, looking at trying to re-work the banding model, |

| after having undertaken a series of initial discussions with Head Teachers. |
|---|
| Option 1 – Leave the bandings as they are but increase them by a large percentage initially. From then on, the bandings would be increased by the rate of inflation each year. This would be easy to implement, but it does not address any of the disparities that are already in the system. |
| Option 2 – This would be to do a re-costing of the existing bandings. This would mean looking at how the original bandings were calculated and uprate those calculations with current costs. This would also be very easy to do but would not resolve any disparities. |
| Option 3 – This would involve re-costing each type of provision. It may mean having additional bandings for each type of provision. |
| Option 4 – Is for a single-banding model. This would be a matrix of bandings and would mean that funding would be based on the individual pupil's needs rather than where placed. The funding would be the same regardless as to whether the pupil was in a mainstream or a special school. Several LA's now use this model, one of them being Slough. The matrix and banding values shown in the tables are those used by Slough, and if we were to use this model we would need to determine the values relevant to our own provision. Slough's High Needs deficit is currently running at £14m, so although Reading can do this type of model it does require a great deal of funding. |
| Option 5 – Each individual pupil's needs as identified in the EHCP is allocated funding. This would require a considerable amount of work to administer. |
| The Schools' Forum could consider using one of the options in the short-term and then move to one of the other options long- term. |
| Peter Kayes commented that he felt that option 5 was probably the fairest one, but that he could appreciate that it would entail a great deal of funding. Therefore, all the options should remain available and should be costed out. |
| Cathy Doberska reported that the proposals had been discussed at some length at the Primary Heads' Meeting. The Heads are pleased that it has been acknowledged that something needs to be done in the short-term; the increases from September had just scratched the surface. The general feeling was that option 5 appeared to be the fairest, but it was recognized that it would be difficult to administer. Option 4 was |

| 10 | Agenda items for next neeting | The next meeting will be held on 14 January 2021. This will also need to be virtual. DSG Funding Settlement for 2021/22 Final school funding formula for 2021/22 |
|------|--|--|
| 9. R | Alternative Provision Review – Director of Education | Kate Reynolds presented. Alternative Provision was discussed at October's Forum. It was felt at this meeting that there should be further talks with Head Teachers on the subject, both in terms of the quantity and the quality of the provision in Reading. Mandy Wilton, Head of Cranbury College, is the Chair of this Review and its findings will be reported at the March 2021 meeting. NOTED that a progress report will be brought back to Schools' Forum in the Spring. |
| | | also discussed in great detail, but it was felt that this would not be a very realistic solution in funding different settings the same amount. There is also the issue of pupils moving from a mainstream school to a special school, as this could then mean redundancy for their HLTA. Cranbury College had in the past had a pool of HLTAs which had avoided this issue. Dr Simon Uttley stated that he was in favour of seeing the costings for the options, and particularly for options 3 and 4. He felt option 5 was too complex. Isabelle Sandy said that she favoured option 4 but appreciated that the cost needed to be taken into account and, therefore, felt that all the options should be investigated fully. She also asked how long a model should be used for once chosen. Kate Reynolds believes that the option chosen should be reviewed annually. It may be phased in with interim fixes, whilst full costings are made to determine which is the best long-term solution. 11 members agreed that all five options should be costed, with one member just wanting options 1-4 costed. None against. 13 members agreed that a detailed costing exercise for each resource should be undertaken with none against. AGREED that all five options will be appraised and brought back to Schools' Forum in March, and that a detailed costing of resource provision be brought back to the Schools' Forum in January if data is received back from schools in time. |

| | | Agree Central School Services Budget for 2021/22 |

) 1. Recommendations

- 1.1 NOTE: The DSG funding for 2021/22.
- 1.2 NOTE: The requirements for setting the 2021/22 overall DSG budget.

2. Background

- 2.1 School Funding is received through the Dedicated Schools Grant (DSG), and is split into four blocks, each with its own formula to calculate the funding to be distributed to each local authority.
 - Schools Block funds mainstream primary and secondary schools through the school formula, and growth funding for new growing schools/bulge classes.
 - High Needs Block funds places in special schools, resource units and alternative provision, and top up funding for pupils with EHCPs in all settings including non-maintained, independent, and further education colleges.
 - Early Years Block funds nursery schools, nursery classes in mainstream schools, and early year's settings in the private, voluntary and independent (PVI) sector through the free entitlement for 2, 3 & 4 year olds.
 - Central Schools Services Block funds services provided by the local authority/Brighter Futures for Children centrally for all schools, such as the admissions service.
- 2.2 The allocations for 2021/22 were published by the Government on 17th December 2020. Most are now fixed for the year; part of the high needs block will be confirmed later in the year (July 2021), and the early years block will be based on data from future census', although the funding rates are now confirmed.
- 2.3 The DSG must be deployed in accordance with the conditions of grant and the latest School and Early Years Finance (England) Regulations. Detailed guidance is contained within various operational guidance documents issued by the Education Funding & Skills Agency (EFSA).
- 2.4 Transfers of funding between blocks are allowed, but a transfer out of the schools' block must be consulted with all schools and agreed by the Schools' Forum.
- 2.5 This report sets out the 2021/22 funding for each block, and the work required to finalise the budgets for 2021/22.

3. Funding for 2021/22

- 3.1. Appendix 1 sets out the DSG funding for 2021/22 and compares to 2020/21. Overall, the DSG will increase by £10.3m (7.8%) from £132m to £142.3m. However, this is not all new money as teachers pay and pension grants totalling £4.634m has now been added to the DSG, which means the real total increase is £5.673m or 4.3%. This compares to the 6.5% increase last year, the main difference being that pupil numbers have not increased by the same level of increase as last year.
- 3.2. The Schools Block has increased by £7.945m to £103.481m, but excluding grants and the growth fund, the increase is just over £4m (4.4%). Of this increase, approximately £1.1m is due to overall increases in pupil numbers an additional £1.481m in secondary for an

additional 250 pupils, and a reduction of £0.376m in primary as numbers in this sector have gone down by 83. The rest of the increase is additional funding on a per pupil level (3.2%), allocated through an increase to the funding values – excluding the addition for grants an increase of £147 per primary pupil and an increase of £156 per secondary pupil. Growth funding has gone down by over £0.5m using the new formula allocation.

- 3.3. It was agreed at the December meeting of the Schools' Forum to transfer £484k of funding from the Schools' Block to the High Needs Block.
- 3.4. The central school services block has gone down overall by £0.051m to £1.167m, due to the phasing out of funding for historical commitments. There has been a small increase for the other services it funds.
- 3.5. There is no change to the High Needs funding formula. Under this formula, Reading currently loses funding, and is therefore on the funding floor, however every local authority is receiving a minimum increase of at least 8% per head of the age 2 to 18 population based on their 2020/21 allocation. On this basis, the allocation for the high needs block (excluding the additional amount for grants) is increasing by £1.967m (8.78%). The total funding for this block will be £24.658m including grants. Most of this is already confirmed funding; the import/export adjustment of -£1.9m will be confirmed in July. If there are any adjustments to place funding these will be made in March.
- 3.6. The Autumn Spending Review set out that nationally there would be an additional £44m for early years. The hourly funding rates in the early years block for 3 & 4 year olds will increase by just 6 pence (1.15%), and for 2 year olds an increase of 8 pence (1.37%). There will be no change to the early year's pupil premium rate or disabled access fund rate. Based on January 2020 census recorded hours, this is an overall increase of just £0.145m. It has not yet been confirmed what census the actual allocations will be based on in usual circumstances this will be January 2021 hours (5/12) and January 2022 hours (7/12). The Government will review this in the Spring term, as it will be dependent on whether the nursery numbers are back to near normal following the reductions last year due to the pandemic. The maintained nursery school lump sum will continue at least until August 2021, but it is conditional for the period September to March 2022. The teachers pay and pension grants will be paid to nursery schools and schools with nursery classes separately and have not been added to the DSG.
- 3.7. The Pupil Premium Grant for schools will continue in 2021/22, but there is no change to the funding rates. The funding will be based on the October 2020 census rather than January 2021 census (except PRUs which will continue to be based on January census) so it is assumed that allocations will be announced much earlier than usual. No announcements have been made yet on any other grants, except that the Free School Meals Supplementary Grant will cease following the February 2021 payment.

4. Requirements for Setting the 2021/22 Budget

4.1. Appendix 2 sets out the timetable for setting the budget.

Schools Block

- 4.2. The schools block budget has now been set based on the recommendations and decisions made at the December meeting of the Schools' Forum. The report on the final schools' formula elsewhere on this agenda sets out the final budget and the allocations to individual schools.
- 4.3. The Growth Fund budget was agreed at the December meeting of the Schools' Forum.
- 4.4. A balanced budget is being set, and the forecast underspend in 2020/21 growth funding will be carried forward for future growth funding requirements.

Central School Services Block

4.5. A report elsewhere on this agenda proposes the 2021/22 budget for this block. A balanced budget is being set.

High Needs Block

- 4.6. The additional high needs funding will be just under £2m. The deficit is currently forecast at around £2.3m. However, as the number of pupils with EHCPs and costs of their placements continue to increase, most of the additional funding will go towards these increases in costs. The top up banding system for Reading schools is currently being reviewed and whatever the outcome of this review it will result in an increase to the top up funding rates and therefore an increase in costs.
- 4.7. The current estimate of top up costs for next year based on current placements (without any additional increase to numbers or for inflation) is £16.4m, an increase of £0.845m compared to this year's budget and £1.7m increase compared to the 2019/20 actual outturn. This will be updated at the end of February with the latest position. In determining the budget for next year assumptions will be made on the increases (to overall numbers and inflation) to be added.
- 4.8. The numbers of places in specialist provision are being reviewed, with new resource provision places being established and additional places in special schools. These additional places will have the place funding increases built into the budget, currently estimated at around £350k.
- 4.9. The deficit recovery plan will also be refreshed, and a projection made using the same base data and assumptions. As it is likely that most if not all of the additional £2m will offset increases in costs there may not be a decrease to the deficit in 2021/22, though it is hoped that in year the budget will balance.
- 4.10. In addition to place and top up funding for pupils with EHCPs, there are some central budgets funded from the high needs DSG, and the current forecasts for 2021/22 are set out in Table 1.

| SERVICE | 2020/20 BUDGET (£'000) | 2021/22 BUDGET (£'000) |
|--|---------------------------|---------------------------|
| Inclusion support staff | 140.7 | 240 |
| Contribution to early years inclusion fund | 50 | 50 |
| Contribution to Dingley | 25 | 25 |
| Sensory consortium – Joint Arrangement | 300 | 300 |
| NHS Contracts | 395 | 395 |
| ASD Outreach | 40 | 40 |
| Contribution to Virtual School for Children Looked After | 127.6 | 119.5 |
| Contribution to SEN transport | 100 | 100 |
| Central Establishment Charges | 79 | 79 |
| TOTAL | 1,257.3 | 1,348.5 |

Table 1: High Needs Block Central Budgets 2020/21 and 2021/22

4.11. The local authority decides on the budgets being funded from the high needs block. The final budget and refreshed deficit recovery plan will be brought back for discussion at the next Schools' Forum in March.

Early Years Block

- 4.12. The percentage increase to the early year's block is minimal compared to the schools and high needs blocks. It is intended to pass on the full increase to providers by increasing the provider funding rates by at least 6p. The deprivation funding rate increased in 2020/21 to £0.97 and hopefully this can be maintained at the same rate.
- 4.13. The budgets for provider payments to be made from the early years block cannot be calculated until the Government has determined which census the funding will be based on. If it is to be January 2021 this information should be available late February. If numbers are lower than normal in January but then return to more normal levels in the Summer and Autumn, this would then create a pressure on this budget, so caution will need to be exercised, with a reasonable contingency held back in order to set a balanced budget. Details on these budgets will be brought to the Schools' Forum in March.
- 4.14. The decision on the central early year's budget is to be made by the Schools' Forum. The proposed budgets are set out in Table 2 and are a small increase compared to 2020/21. Central budgets can be no greater than 5% of the total early years block allocation. The decision on these budgets will be taken at the March Schools' Forum.

Table 2: Early Years Block Central Budgets 2020/21 and 2021/22

| SERVICE | 2020/21 BUDGET (£'000) | 2021/22 BUDGET (£'000) | | |

Appendix 2 – Timetable for Setting the DSG Budget 2021/22

| TASK | DATE |
|---|---|
| BFfC inform all schools on proposals for 2021/22 school formula, and to consult with all schools on the transfer of funding from the schools block to high needs block | Send to schools 20 October 2020. Comments due back by 13 November 2020 |
| BFfC complete High Needs Place Review | Submission due to ESFA by 13 November 2020 |
| BFfC review of Top Up bandings | September – December 2020 |
| Schools' Forum recommend school formula for 2021/22, agree growth funding for 2021/22, and decide on transfer of funding from Schools Block to High Needs Block. Schools' Forum review top up funding proposals. | 3 December 2020 |
| BFfC work on high needs and central school services budgets | December 2020 – January 2021 |
| Final funding allocations received from ESFA for schools, high needs (part), and central services block. Final data received from ESFA for school formula based on October 2020 census. | Due from ESFA mid December 2020 |
| BFfC finalise the school formula based on final funding allocation | Late December 2020 |
| Schools' Forum informed on final school formula, decide de- delegations, and decide the central school services budget. Schools' Forum review first draft of high needs budget in light of funding available/deficit position. | 14 January 2021 |
| Local Authority agrees school formula for 2021/22 and BFfC submits APT to ESFA | Submission Due to ESFA by 21 January 2021 |
| BFfC Inform mainstream maintained schools of their budget shares for 2021/22 | By 28 February 2021 (statutory date but in reality by end of January 2021) |
| BFfC work on final high needs and early years budgets | January to end of February 2021 |
| Schools' Forum review/agree final budgets for high needs and early years | 11 March 2021 |
| ESFA confirm to academies their general annual grant (budget shares) for 2021/22 | 31 March 2021 |
| High Needs place numbers at institution level published by ESFA | 31 March 2021 |

1. Recommendations

1.1 NOTE: The final school funding formula and primary and secondary school funding allocations for 2021/22.

2. Introduction

- 2.1 The "Schools revenue funding 2021 to 2022 operational guide" was published in July 2020 which set out the basis for the primary and secondary school funding formula. This included the actual National Funding Formula (NFF) factors and values, and the calculation to be used to determine the funding that each local authority will receive.
- 2.2 During the Autumn, all schools and the Schools' Forum were consulted on the setting of the local school formula in Reading for 2021/22. A final proposal was agreed by Forum members at the December 2020 meeting and details on the formula can be found in the report presented at that meeting¹.
- 2.3 This report sets out the final schools' block funding allocation for 2021/22, and the final formula and allocations to schools for 2021/22 as agreed by the Council.

3. School Block Funding for 2021/22

- 3.1. Local authorities receive the Dedicated Schools Grant (DSG), which is split between four funding blocks. The schools block is specifically for primary and secondary mainstream formula allocations and for growth funding (for new and expanding schools and bulge classes). It is largely ring fenced; up to 0.5% of the allocation can be transferred to other funding blocks, but only with the agreement of Schools' Forum.
- 3.2. The schools block allocation is based on Primary Units of Funding (PUFs) and Secondary Units of Funding (SUFs). These units are calculated for each local authority by adding together the total formula allocations for each school in each phase using the NFF but using the previous year's data, and dividing by the previous year's pupil numbers for each phase. These units are then fixed and are multiplied by the October 2020 census pupil numbers to give the final funding allocation for the following year.
- 3.3. The final schools block funding allocation for 2021/22 was confirmed by the Government on 17th December 2020, and totals £103.481m as set out in Table 1. Of this, £0.844m is for growth funding. Part of the growth funding allocation (£292k) is used in the school formula for new/expanding schools (Civitas and Green Park), the remainder (£552k) is being ring-fenced and set aside for bulge classes and other expansions in 2021/22 as agreed at the December 2020 meeting of the Schools' Forum.
- 3.4. The Schools' Forum also at its meeting in December 2020, agreed to transfer £484k from the schools' block allocation to the high needs block, in order to continue to financially support those schools with a higher than average percentage of pupils with EHCPs.

¹ <u>https://www.reading.gov.uk/council/policies-finance-and-legal-information/education-budgets-and-funding/schools-forum-meeting-papers/</u>

3.5. After deducting the ring fenced growth funding and the transfer to the high needs block, there is £102.445m to allocate to primary and secondary schools through the school funding formula. This is £8.242m greater than in 2020/21, though £4.329m of the increase is due to the adding of the teachers' pay and pension grants into the school formula so is not additional funding. £1.105m is due to increases in overall pupil numbers to be funded, with the remainder £2.808m (3%) being real increases in funding on a per pupil level.

| | 2020/2 | 21 ACTUAL | 2021 | /22 Actual |
|---|-----------|---------------|-----------|---------------|
| | | Funding £'000 | | Funding £'000 |

| FUNDING AVAILABLE FOR SCHOOL FORMULA | | 94,203 | | 102,445 |

Table 1: Schools Block DSG Allocation

4. Final School Funding Formula for 2021/22

- 3.1 The actual DSG funding received and available may not enable the NFF to be replicated in full due to there being a mismatch between the funding received and what would have been allocated to schools through a hard NFF:
 - Differences in the pupil characteristics data from the previous year which is driving the DSG funding compared to the October 2020 census on which the formula funding allocations to schools is based (which may result in funding which is higher or lower than the actual requirement).
 - Increases in business rates bills and other premises costs compared to the historical figures on which the DSG funding is based.
 - Growth funding requirements not met by the allocation, and so a top slice is required.

- Funding transfers to other blocks (namely high needs).
- Overspends in the previous financial year which are a first call on resources in the following year. This will only happen for business rates and growth funding.
- 3.2 Bearing this in mind, the approach to setting the school formula for 2021/22 is to mirror as far as possible the NFF. It is still the Government's intention to move to the NFF as soon as is practically possible, and it would make no sense to now move away from it. The following method for setting the formula was agreed at the December 2020 meeting:
 - Start with all factors and values mirroring the 2021/22 national factors and values including Reading's Area Cost Adjustment (ACA), except the lump sum which is at the NFF rate excluding the ACA this is the same as the 2020/21 position. Business rates to be increased as per the national revised multiplier rates (funding for business rates in the formula is at actual cost).
 - If there is a shortfall in funding, reduce all the main formula factors by the same percentage. The minimum per pupil funding levels will remain at the national levels and the minimum funding guarantee will remain at 2%.
 - An adjustment will be made to the lump sum amount if this is required to balance the budget by a small amount (this could be upwards or downwards).
- 3.3 The Council has approved this approach, and the actual DSG allocation has enabled the NFF values to be mirrored *including* the ACA for *all* factors except the lump sum, so they have all been increased to this level and no reduction was required. The lump sum has been slightly reduced from the NFF value excluding the ACA due to there being just a small shortfall of £30k, but it has still increased by 1.74%. The Government has frozen Business Rate increases for 2021/22, which has helped to maintain this funding position. Appendix 1 shows all the formula factors and their final values compared to the previous two years.
- 3.4 Appendix 2 shows the final formula allocations for each individual school and compares this to the 2020/21 allocations. When excluding the increases for the teachers' pay and pension grants, on average, primary schools have gained by 3.41% per pupil and secondary by 2.47% per pupil, though there is a large range with some schools receiving more than 4% or less than 2%. Eleven schools are receiving the Government's minimum per pupil funding level of £4,180 primary (8 schools) and £5,415 secondary (3 schools). Fourteen schools (compared to 3 last year) are on the minimum funding guarantee increase of 2% per pupil (for pupil led funding only, this excludes the lump sum and business rates) mainly due to the impact of the update to the 2019 deprivation data. All schools are now on higher per pupil funding (excluding the minimum funding guarantee) than prior to the 2018/19 changes to the NFF.
- 3.5 Fourteen schools will have an overall reduction in funding due to reductions in pupil numbers. Where these are significant (around 30), these are mainly due to bulge classes finishing, so are planned reductions, whereby the costs associated with the extra class should have also ceased and should not impact on the school's budget.
- 3.6 Reading is in a good position by being able to continue to virtually mirror the NFF without needing to make reductions to formula factor values, and many schools are seeing significant increases due to receiving minimum per pupil funding levels. This will be the second year running of funding increases, and it remains to be seen whether the third year increases originally promised by the Government (for 2022/23) will be forthcoming.

) 1. Recommendations

- 1.1 Primary maintained representatives to agree the de-delegation of Behaviour Services, School Improvement, Union Duties, and General Duties.
- 1.2 Secondary maintained representatives to agree the de-delegation of School Improvement and General Duties.

2. Background

- 2.1 There continues to be a limited number of central services that maintained mainstream primary and secondary schools can opt to de-delegate from their formula budget allocation. This decision is made by the relevant members on Schools Forum for their school phase. It is not the same as a buy back which is an individual school decision. Thus the decisions made will apply to all maintained mainstream schools in that phase. This is an annual decision, and decisions made for 2021/22 will be for that year only.
- 2.2 There is no change to the services being offered for de-delegation in 2021/22 which are as follows:
 - Behaviour Support Services.
 - School Improvement.
 - Union Duties.
 - General Duties.
- 2.3 This report sets out what each service covers, the cost, and how this will be de-delegated from each school's budget. This must be a fixed contribution for each service so that funding can be removed from the formula before school budgets are issued.

3. Behaviour Support Services

- 3.1. The Behaviour support service is run by Cranbury College. Although now academized and part of a Multi Academy Trust, this service will continue to be provided by Cranbury in 2021/22. Appendix 1 sets out the service offered to primary schools. Secondary schools and academies have the option to purchase support through an individual service level agreement.
- 3.2. The cost of the core service is £176k broken down as follows:

| | Cost |
|--------------------|----------|
| Staff Costs | £161,000 |
| Premises Costs | £3,000 |
| Non premises costs | £12,000 |
| Total | £176,000 |

3.3. This will equate to a primary de-delegation of £100.51 per pupil eligible for free school meals.

3.4. The Director of Education will meet with Cranbury College three times a year to review the service and the outcomes for children being supported by this service as outlined in the service level agreement between BFfC and Maiden Erlegh Trust.

4. School Improvement

- 4.1. Due to significant cuts in previous years relating to The Education Services Grant (ESG), Schools Forum agreed to support School Improvement in raising standards in maintained schools requiring support. Appendix 2 has more information on the type of spend this dedelegation will be used for as well as what the additional central schools services element will be paying for. In addition, there is a separate school improvement grant which covers monitoring of performance and statutory intervention of maintained schools (in the 2020/21 financial year the actual grant allocation for Reading is £127,417, there has been no announcement yet for funding beyond March 2021).
- 4.2. The total amount to be met from maintained schools through de-delegation is £128,000.This will equate to a de-delegation of £12.47 per pupil for both primary and secondary.
- 4.3. The Director of Education will undertake regular monitoring of this service.

5. Union Duties

- 5.1. Successive governments have recognised the importance of good industrial relations and have legislated to provide a statutory basis for facilities time. These provisions are contained within the Employment Relations Act 1999, the Trade Union Labour Relations (Consolidation) Act 1992 and the Safety representatives and Safety Committees Regulations 1997.
- 5.2. Pooled funding is the most effective and efficient arrangement to help the local authority and all schools to meet their statutory obligations on trade union facilities time. It helps maintain a coherent industrial relations environment where issues and concerns, whether individual or collective, can be dealt with efficiently. It provides funding for union representatives to accompany workers to disciplinary or grievance hearings, attend union training, carry out union duties and relevant learning activities, and to carry out health and safety functions.
- 5.3. To cover each of these as the need arises, without the arrangements made possible through a central funding arrangement, would be considerably more costly for schools. This service is also available to academies and free schools via a service level agreement.

| Salary costs of representatives | £54,200 |
|--|----------|
| Other costs (e.g. supply costs for reps to attend courses) | £3.000 |
| TOTAL COST | £59,200 |
| Less: estimated income from other schools | -£16,000 |
| Total to be met by maintained primary schools | £43,200 |

5.4. The cost of the service is broken down as follows:

5.5. The net cost of centrally employing union representatives is estimated at £43,200. This will equate to a primary de-delegation of £4.58 per pupil.

6. General Duties

- 6.1. This funding goes towards paying for the statutory duties carried out on behalf of maintained schools that were previously funded by the Education Services Grant. This grant was removed in 2017/18 with the expectation that all maintained schools would now pay for these services from their delegated budgets. The grant was also removed from academy schools, so brings all schools onto the same financial basis.
- 6.2. The services this funding covers includes:
 - Central budgeting & accounting functions relating to maintained schools.
 - Financing of maintained schools.
 - Monitoring of compliance with the scheme for financing schools.
 - Functions in relation to schools who do not have financial delegation.
 - Consistent financial reporting.
 - Provision of statutory information to the DfE.
 - Education welfare e.g. monitoring attendance.
- 6.3. This is not all of the statutory services previously funded by the grant, and some are now charged direct to schools through a traded service.
- 6.4. The de-delegation in 2020/21 was for £80,000 and no change is proposed for 2021/22. This equates to a de-delegation of £7.80 per pupil.

7. Overall De-Delegations for 2021/22

7.1. An overall summary of the de-delegations proposed for 2021/22 (alongside the equivalent amounts for 2020/21) are set out in Table 1, with a breakdown per school provided in Appendix 3. Maintained school representatives are required to take a decision for their own school phase on each service on whether to de-delegate.

| Service | Primary 2020/21 | Secondary 2020/21 | Primary 2021/22 | Secondary 2021/22 |
|--------------------------------|--------------------|----------------------|--------------------|----------------------|
| Behaviour Support | £176,000 | - | £176,000 | - |
| | £114.48 per | | £100.51 per | |
| | FSM pupil | | FSM pupil | |
| Union duties | £43,200 | - | £43,200 | - |
| | £4.49 | | £4.58 | |
| | per pupil | | per pupil | |
| School Improvement | £120,000 | £10,000 | £117,600 | £10,400 |
| | £12.48 | £12.48 | £12.47 | £12.47 |
| | per pupil | per pupil | per pupil | per pupil |
| General Duties formerly met by | £75,000 | £5,000 | £73.600 | £6,400 |
| the Education Services Grant | £7.68 | £7.68 | £7.80 | £7.80 |
| | per pupil | per pupil | per pupil | per pupil |

Table 1: Actual De-delegations in 2020/21 and Proposal for 2021/22

7.2. Any unspent de-delegated funding remaining at year-end will be reported to the Schools' Forum as part of the year-end report. This funding can be carried forward and used specifically for de-delegated services. Schools' Forum are required to approve any overspend, which would be met from the following year's schools budget allocation.

8. Appendices

Appendix 1 – Behaviour Support Services 2021/22

Appendix 2 – School Improvement Service 2021/22

Appendix 3 – Proposed De-delegations per School 2021/22

Appendix 1 – Behaviour Support Services 2021/22

It was decided at the Schools Forum meeting in January 2017 to fund the Behaviour Support Services provision by de-delegation.

The Schools Forum is being asked to continue with these funding arrangements for Behaviour support for the next financial year.

The de-delegation of funding provides for Behaviour Support for all Primary Schools in RBC who are maintained by the local authority. Academies are able to purchase provision from Cranbury College through an individual service level agreement. This de-delegated fund will continue to allow Cranbury College to deliver a core behaviour support team offer. This core offer is currently for Therapeutic Support plans and HLTA support in the classroom supporting young people and staff.

Risk Factors

Without the de-delegation of funds to Cranbury College, the behaviour support outreach team for Primaries could cease and this could have a devastating impact on reducing exclusions and would lead to further permanent exclusions.

College Developments

The College continues to develop its current offer and there are now additional services available for schools and academies to buy into. This includes Training; Time limited interventions, Nurture Group support, Consultations, Coaching and Mentoring as well as development of our Alternative Provision offer. The college has also developed its outreach further into secondary schools and academies through an online buyback system.

A new delivery and charging model is being developed for when de-delegation funding from Schools Forum is no longer permissible and Cranbury College has been, and will continue to, consult extensively with schools to develop a more responsive, bespoke offering.

Schools BST has worked with:

- 2015/2016 25
- 2016/2017 27
- 2017/2018 29
- 2018/2019 29

2019/2020 - 20*

Case loads - the team have worked with the following numbers of children:

- 2015/2016 111
- 2016/2017 108
- 2017/2018 128

2018/2019 - 153

2019/2020 - 83*

*totals significantly affected by pandemic lockdowns

Loss of this funding would have a significant impact on the client Primary schools and the growing number of their pupils that the Cranbury College Primary Behaviour Support team supports with no viable alternative currently available.

Mandy Wilton

) 1. Recommendations

1.1 AGREE: The budget for the Central School Services Block 2021/22 as set out in Table 2.

2. Background

- 2.1 The Central Schools Services Block of the DSG funds services/functions provided by the local authority centrally for all their maintained and academy schools. The 'Schools revenue funding 2021 to 20222 operational guide'¹ sets out what services can be charged to this block and any restrictions. This budget must be agreed by the Schools' Forum on an annual basis.
- 2.2 This report sets out the 2021/22 funding for the block, and the proposed budget.

3. Funding for 2021/22

- 3.1. The funding for this block comprises of two elements:
 - Ongoing responsibilities functions LAs have a statutory duty to deliver for all pupils in maintained schools and academies.
 - Historic commitments funding that some LAs received prior to 2013/14.
- 3.2. In 2021/22 funding for ongoing responsibilities has increased nationally by 3.8%. Historic commitment funding is reducing by a further 20%, on top of the 20% reduction made in 2020/21.

| | 2020/21 | | 2021/22 | | Change | |
|----------------------|---------|------------------|----------|------------------|--------|--------|
| | | Funding £'000 | | Funding £'000 | £'000 | % |
| Unit of Funding | £33.61 | | £36.20 | | | |
| Pupil Numbers | 20,049 | 674 | 20,215.5 | 732 | 58 | +8.6% |
| Historic Commitments | | 544 | | 435 | -109 | -20.0% |
| TOTAL CSSB | | 1,218 | | 1,167 | -51 | -4.19% |

3.3. Table 1 summarises the funding for 2021/22 compared to 2020/21.

Table 1: Central School Services DSG Funding 2020/21 and 2021/22

The central school services block has gone down overall by £0.051m to £1.167m, due to the phasing out of funding for historical commitments. There has been a small inflationary increase for the other services it funds, and a small increase for the teachers' pension grant relating to centrally employed teachers.

¹ <u>https://www.gov.uk/government/publications/pre-16-schools-funding-local-authority-guidance-for-2021-to-</u> 2022

) 4. Proposals for the 2021/22 Budget

4.1. Table 2 sets out the services met from the central school services block, the budget for 2020/21 and the proposed budget for 2021/22. Further details on each service are set out in Appendix 1. In order to balance this block, some of the historical commitment budgets have been reduced in order to reflect the funding reduction; these budgets are contributions towards service costs, so will result in these services either having to fund the reduction from elsewhere or reduce the level of service. For each service, the table indicates which ones have to be agreed by the Schools' Forum.

| SERVICE | 2020/21 BUDGET (£'000) | 2021/22 BUDGET (£'000) | APPROVAL REQ'D BY SCHOOLS FORUM | RESTRICTIONS |
|--|------------------------------|------------------------------|--|---|
| Admissions | 215 | 220 | Yes | None |
| Servicing of Schools' Forum | 20 | 20 | Yes | None |
| Copyright Licences | 110 | 118 | No | None |
| Statutory/Regulatory services e.g. finance | 339 | 339 | Yes | None |
| Prudential Borrowing (historic commitment) | 40 | 40 | Yes | Cannot exceed previous budget & no new commitments |
| Contribution to School Improvement (historic commitment) | 71 | 71 | Yes | Cannot exceed previous budget & no new commitments |
| Contribution to Early Help Services (historic commitment) | 175 | 150 | Yes | Cannot exceed previous budget & no new commitments |
| Contribution to Children's Social Care (historic commitment) | 109 | 109 | Yes | Cannot exceed previous budget & no new commitments |
| Contribution to CLA Education (historic commitment) | 139 | 100 | Yes | Cannot exceed previous budget & no new commitments |
| TOTAL | 1,218 | 1,167 | | |

Table 2: Central School Services Budget 2020/21 and 2021/22

4.2. It is recommended that the Schools' Forum agree the 2021/22 budgets in this block, as set out in Table 2.

Appendices

Appendix 1 – Central School Services Block Budgets

Appendix 1 – Central School Services Budgets

A – Ongoing Duties

Admissions

This funds the staffing for the statutory admissions service for primary and secondary coordinated admissions and for all in year applications.

Servicing of Schools' Forum

This relates to Local Authority officer time to research and prepare reports, arrange and attend meetings, plus cost of room hire, contribution to the website for publishing papers etc. The total budget of £20,000 is a contribution towards this cost. Most other local authorities charge significantly more.

Copyright Licences

The DfE has agreed with various agencies to purchase a single national licence managed by the DfE, which means that local authorities and schools do not need to negotiate individual licences. The DfE recharges the cost to the local authority, who has the option to pay for it out of the central school services budget rather than charge individual schools from their delegated budget. The licences included in this agreement are as follows:

CLA (Copyright Licensing Agency)

SPML (School Printed Music Licence)

NLA (Newspaper Licensing Agency)

ERA (Education Recording Agency)

PVSL (Public Video Screening Licence – Filmbank Distribution Ltd.)

MPLC (Motion Picture Licensing Company)

PPL (Phonographic Performance Ltd.)

PRS (Performing Right Society Ltd.)

MCPS (Mechanical Copyright Protection Society Ltd.)

CCLI (Christian Copyright Licensing International)

Statutory/Regulatory Services

These services were previously funded through the Education Services Grant, and the funding for them is now included within this block, though based on the new formula (so not like for like). The main services covered are:

- Director of Children's Services and planning for the education service as a whole.
- Revenue budget preparation, monitoring, and year end accounts.
- School formula review and preparation.
- Administration of payments to schools, including SEN & early years.

- External audit relating to education/DSG.
- Provision of information to the DfE e.g. Section 251 returns.
- Standing Advisory Committees for Religious Education (SACREs)
- Education welfare service.

B - Historic Commitments

Prudential Borrowing

"Prudential borrowing" means borrowing money for the purpose of facilitating the modernisation and rationalisation of the school estate, where the revenue savings that will be achieved are equal to or more than the expenditure that will be incurred in borrowing the money.

Historically Reading has included a small 'notional' amount within the main schools block for prudential borrowing which reflects the fact that a significant element of the ongoing schools capital programme has historically been and will be funded by borrowing over many years, which represents a significant cost to the Authority. The cost included here will be more than matched by revenue savings and/or offset the opportunity costs accruing from these projects. The charge is very small compared to the annual costs of servicing the debt associated with borrowing costs on major schools capital projects.

School Improvement

This has been used to support schools with significant issues regarding standards to support additional staffing. It also supports additional staffing costs if schools require greater leadership capacity. This funding helps to support head teachers new to the post and those new to Reading. This fund is connected to the de-delegation element and a detailed schedule is provided as an appendix to the de-delegation report.

Early Help Services

This contribution goes towards a range of Early Help services (which includes, notably family support, mental health, youth, EWOs, EPs, Troubled Families, TP, YOS, drug & alcohol) which the vast majority of schools in the borough access.

Children's Social Care & Children Looked After

This contribution goes toward children's safeguarding more generally including the Multi Agency Safeguarding Hub, as well as funding for the Virtual School for looked after Children.

) 1. Recommendations

- 1.1 NOTE: The current overall DSG allocation and budget position for 2020/21.
- 1.2 NOTE: The current position within each funding block and impact on the deficit recovery plan.

2. Background

- 2.1 The Dedicated Schools Grant (DSG) is a ring fenced specific grant and can only be used in support of the schools' budget and spent on school/pupil activity as defined by the School and Early Years Finance (England) Regulations (2020).
- 2.2 The DSG is split between four different funding blocks schools, central school services, early years, and high needs. Each Council's allocation is largely based upon actual pupil numbers from the October pupil count proceeding the actual financial year. Although separate allocations are received for each block, transfers are allowed between blocks but subject to certain restrictions.
- 2.3 Most of the grant is allocated to schools the Individual School's Budget (ISB) or delegated budget this is mainly formula driven; the remainder is the Centrally Retained School's Budget the non-delegated budget.
- 2.4 Overspends on the DSG are carried forward and are a first call on the following year's allocation of DSG. Underspends on the DSG are carried forward to support the future year's school's budget.
- 2.5 The Authority must ensure that DSG is correctly spent and has to report the outturn position to inform the impact upon the following year's budget position. The budget monitoring of the Authority distinguishes between how services are funded, namely by DSG or by the Local Authority.
- 2.6 The LA receives its DSG allocation gross (including allocations relating to academies and post 16 provision), and then the Education & Skills Funding Agency (ESFA) recoups the actual budget for these settings to pay them direct, leaving a net or LA allocation.

3. DSG Allocation 2020/21

- 3.1. The DSG allocation received by the LA will change during the year. Table 1 shows the original estimate made by the LA and the current position, as last notified by the ESFA in November 2020. Further details are contained in Appendix 1. Changes to the allocation could impact on the overall budget position.
- 3.2. The allocations shown in the table are prior to any transfers between blocks. For the 2020/21 budget the Schools' Forum has agreed a transfer of £350k from the schools' block to the high needs block.
- 3.3. Overall there has been an increase of £586k to the current year allocation, which is explained in the paragraphs below (there has been no change since the month 6 report).

| | | NAL ESTIMATED OCATION 2020/ | | REVISED D | REVISED DSG ALLOCATION 2020/21 | | | |
|-----------------------------|----------------------------------|---|---|----------------------------------|---|---|--------------------------------|--|
| BLOCK | Gross DSG Allocations (£m) | Less Recoupment relating to Academies/ Post 16 (£m) | Total LA DSG Allocatio ns (£m) | Gross DSG Allocations (£m) | Less Recoupment relating to Academies/ Post 16 (£m) | Total LA DSG Allocatio ns (£m) | Total DSG (£m) Available | |
| Schools Block | 95.536 | -49.165 | 46.371 | 95.536 | -49.165 | 46.371 | 0 | |
| Central Schools Block | 1.218 | | 1.218 | 1.218 | | 1.218 | 0 | |

Years adj. Total

Available

3.4. The main changes that may occur and need to be monitored during the year are as follows:

- Reductions in the schools' block funding due to any academy conversions. This is because funding is paid direct to these schools by the ESFA, though this has no impact on the LA budget, as expenditure is reduced accordingly. Currently, there are no mainstream academy conversions in process, so the budget remains the same.
- High needs block funding was adjusted in July due to the import/export adjustment: this is where there has been a change to the number of Reading pupils placed in settings outside Reading or a change in the number of pupils from other LAs attending settings in Reading. This is because the LA where the setting is located is responsible for the place funding, so this adjustment ensures any changes in pupil numbers transferring between LAs are properly funded. Overall, this has resulted in a reduction in funding of £78k, as the number of pupils placed outside of Reading has increased by 10. High needs funding has also been adjusted for the conversion of Cranbury College to an Academy. When the budget was set it was assumed the conversion would take place on 1st April; it was on 1st August, so £334k has been added back to the budget to reflect this. There should not be any further changes to this block this year.
- The latest information is that early years funding will (for this year only) be based 9/12 on the January 2020 census, and 3/12 on the January 2021 census due to Covid-19 (the usual split is 5/12 and 7/12). Our original budget used January 2020 census estimates and has been amended to reflect the January 2020 census actuals

confirmed in July, which uplifted our allocation by £194k. This is required for payments to providers. The final adjustment for 2019/20 was also made in July; this has added £136k to the current year allocation (no provision for this was made in the 2019/20 accounts as the estimate at that time was relatively low).

4. DSG Budget 2020/21 Month 9 Overall Position

- 4.1. Appendix 2 contains the 2020/21 budget and current (month 9) forecasts. This is split between the four funding blocks, and broken down by the main reporting lines for the DSG. Appendix 3 contains brief notes on what is included in each line of the budget report.
- 4.2. Table 2 summarises the current budget and forecast per block. Note that the DSG allocation includes an additional net £0.322m which is ring fenced deficits/surpluses brought forward from 2019/20 and being utilised in 2020/21 (for growth fund, central schools block, and early years).

| | ORIGINAL BUDGET (£m) | VIREMENTS £m | CURRENT BUDGET (£m) | FORECAST as at MONTH 8 (£m) | VARIANCE as at MONTH 8 (£m) |
|-----------------------------------|----------------------------|-----------------|---------------------------|--------------------------------------|--------------------------------------|
| Schools Block | 46.011 | -0.087 | 45.924 | 45.302 | -0.622 |
| Central Schools Block | 1.218 | 0.039 | 1.257 | 1.257 | 0 |
| Early Years Block | 13.109 | 0.239 | 13.348 | 13.150 | -0.198 |
| High Needs Block | 18.356 | 0.333 | 18.689 | 19.118 | 0.429 |
| Repayment of Deficit | 2.477 | -0.387 | 2.090 | 2.090 | 0 |
| Sub Total – Net Expenditure | 81.171 | 0.137 | 81.308 | 80.917 | -0.391 |
| DSG Allocation | 78.997 | 0.524 | 79.521 | 79.444 | -0.077 |
| Balance Over/(Under) Allocated | 2.174 | -0.387 | 1.787 | 1.473 | -0.314 |

Table 2: Summary Budget and Forecast 2020/21

4.3. There has been very little change in the overall position since the last report in December 2019. The deficit forecast for the end of the financial year is now £1.473m (£1.477m was reported at the last meeting) compared to the original budget of £2.174m and revised budget of £1.787m. The variances from the original budget are summarised as follows:

| Reduction in deficit amount to be repaid from 2019/20 | -£387,140 |
|---|-----------|
| School formula - business rates | £1,057 |
| Growth fund | -£622,723 |
| Early year's contingency not yet utilised | -£197,978 |
| Reduction in HNB grant due to import/export adjustment | £77,487 |
| Place funding met by 6 th form grant | -£32,598 |
| High Needs top-up funding | £461,003 |
| Other DSG funding adjustments (roundings across all blocks) | - £58 |
| TOTAL | -£700,950 |

4.4. Note that because many of these underspends are ringfenced and required for future commitments, this does not mean that the overall deficit has reduced by this amount. The following paragraphs provide more details on the variances.

5. Variances, Current Risks & Emerging Issues

5.1. Repayment of Deficit

The end of year position in 2019/20 was more favourable than when the current year budget was planned and set, so the deficit to be repaid has reduced by £387k to £2.090m.

5.2. Schools Block

- There would only be a variance on maintained primary and secondary school delegated budget allocations due to business rate revaluations or where actual business rates bills vary from the initial school formula allocation. This is due to schools being funded for their business rates like for like. The difference for business rates is currently only £1k.
- The Growth Fund will underspend (as planned), with the surplus funding currently estimated at £623k required to be carried forward towards paying for additional secondary bulge classes in 2021/22 and beyond.

5.3. Central Schools Services Block

 Most of the central school services budgets are agreed contributions towards the full cost of a service and the majority will not therefore have a variance. There will be no variance on copyright licences, as this is a national contract agreed in advance. The underspend brought forward from last year of £39k is likely to be required in year.

5.4. Early Years Block

- The majority of Early Years Funding (95%) is relating to the free early year's entitlement for 2, 3 and 4 year olds. The budget is based on the hours funded in the previous financial year at the set hourly rates. The DSG funding due to be received is based on an average of the January 2020 and 2021 census numbers, so in theory, as expenditure is based on the actual uptake of entitlement for each term, any increase or decrease in numbers during the year should be funded if the January census represents the average for the year. Funding is increased or clawed back (by the ESFA) in the following year if there has been an under or over allocation.
- However, for 2020/21, only 3/12 of the funding will be based on the January 2021 census. This is because LAs were encouraged to fund providers in the Autumn term using the previous Autumn numbers if take up of places was significantly lower. We have funded providers on the October 2020 headcount/census but used the 2019 hours of provision if this is higher. The additional "sufficiency" payments to providers totalled £642k. Two thirds of this payment was offset by the guaranteed funding based on the January 2020 census, with the remainder to be met from contingency.

- The Government stated before Christmas that the Spring funding will be based on the January 2021 census, and if numbers significantly increase later in the term, exceptional funding can be applied for. However, given the current situation with Covid-19 there has been no indication yet whether there will be any protection to funding if the January 2021 census is significantly lower than normal (i.e. whether it will be based on January 2020 census instead).
- The contingency budget is £412k (originally set at £367k but added to by carry forward from 2019/20), and the current forecast is that there is £198k remaining. Although some of this budget could be used for further sufficiency payments to providers in the Spring term it would not be at the same level as the Autumn payments. Note that the contingency can only be used to fund providers through the early years formula as already set and cannot be used to increase the hourly rates or to change the formula after these have been set for the year.
- Other budgets that pay for central spend are mainly contributions as agreed at budget setting.

5.5. High Needs Block

- Annual expenditure in the HNB is now largely being contained within its annual DSG allocation, and the overall deficit is slowly reducing, so the focus is to continue to drive average costs of placements down in order to repay the deficit.
- Approximately 85% of the high needs block budget is payments for statutory top up fees for pupils/students with Education Health and Care Plans (EHCPs). This is the area of highest risk due to the unpredictability of the number and level (cost) of plans. It is the continued growth in both the number and cost of these plans that has led to the DSG deficit. Table 3 shows the rising trend in the number of EHCPs. Data as at January in each year is used being mid-way through an academic year and is what the ESFA use for data comparisons. The current number of EHCPs (December 2020) is 1,462, an increase of 71 since January 2020.

| Date | Actual Total Number | Annual Yr on Yr Increase |
|---------------------|---------------------|--------------------------|
| 15/16: January 2016 | 1,002 | 43 |
| 16/17: January 2017 | 1,066 | 64 |
| 17/18: January 2018 | 1,175 | 109 |
| 18/19: January 2019 | 1,276 | 101 |
| 19/20: January 2020 | 1,391 | 115 |

Table 3: Numbers of EHCPs

 The top up budget for 2020/21 was set based on the number and cost of top ups as at February 2020 and predicted increase (note that not all EHCPs result in a top up payment which is why the top up numbers are lower). The budget and the current top up forecasts (cost and number of placements) are shown in Table 4. The current forecast is £16.003m, which is £461k over budget, although the individual variances by type of placement are quite large. The overall numbers of placements are currently 42 over budget.

| Placement Type | BUDGET £ 2020/21 | CURRENT FORECAST FOR 2020/21 | Variance | BUDGET Numbers 2020/21 | CURRENT ACTUAL FOR 2020/21 | Variance | BUDGET AVERAGE Cost per place | CURRENT AVERAGE Cost per place | Variance |
|-----------------------------|---------------------|------------------------------------|----------|------------------------------|----------------------------------|----------|-------------------------------------|--------------------------------------|----------|
| Special Schools | 8,394,258 | 8,108,351 | -285,907 | 462 | 430 | -32 | 18,169 | 18,857 | 687 |
| Resource Provision | 514,558 | 637,314 | 122,756 | 84 | 98 | 14 | 6,126 | 6,503 | 378 |
| Mainstream | 1,950,140 | 2,048,099 | 97,959 | 417 | 432 | 15 | 4,677 | 4,741 | 64 |
| Nursery | 92,102 | 63,459 | -28,643 | 13 | 5 | -8 | 7,085 | 12,692 | 5,607 |
| NMSS & Independent | 2,204,158 | 2,578,178 | 374,020 | 47 | 61 | 14 | 46,897 | 42,265 | -4,632 |
| Further Education | 916,690 | 862,816 | -53,874 | 107 | 134 | 27 | 8,567 | 6,439 | -2,128 |
| Pupil Referral Units | 859,867 | 915,358 | 55,491 | 12 | 13 | 1 | | | |
| Hospital | 175,450 | 175,450 | 0 | | | | | | |
| Other Alternative Provision | 434,972 | 614,178 | 179,206 | 38 | 49 | 11 | 11,447 | 12,534 | 1,088 |
| TOTAL | 15,542,196 | 16,003,203 | 461,007 | 1,180 | 1,222 | 42 | 13,171 | 13,096 | -75 |

Table 4: Top Up Budgets and Current Forecasts 2020/21

* PRU/Hospital costs will relate to all pupils placed in these provisions (e.g. costs include excluded pupils *without* an EHCP who are not included in the numbers above).

- These figures include the increases in top up fees to be paid to Reading schools from September 2020 from which an overspend was expected. However, the larger than expected overspend is down to several new expensive placements in Independent schools which could not be avoided. Note that the forecast for other alternative provision assumes current placements will remain to the end of the year, but for many this is short term whilst a permanent placement is found. The overall position still compares extremely favourably to neighbouring local authorities where significant in year deficits to their high needs blocks are emerging.
- The Inclusion Fund provides additional funding to mainstream schools with a high percentage of pupils with EHCPs compared to our statistical neighbour average. £350,000 has been transferred from the Schools Block to the High Needs block to pay for this. Based on the current numbers of EHCPs in mainstream, the increase since the Spring term would have meant a significant overspend using the original criteria. Therefore, the qualifying percentage has been increased in order to keep within budget, so some schools have received lower payments from this fund than would have been expected.
- There is a small saving of £32k in place funding, which is 6th form grant received to offset the payments made to Cranbury for their post 16 places at £10k per place. The current estimate of this grant for the current year is greater than budgeted.

6. DSG Deficit Recovery Plan

6.1. Since 2018/19, the high needs block deficit has been reducing, despite the continuing pressure of increasing numbers of EHCPs. Transfers between blocks including using

underspend from other blocks in previous years has helped bring the deficit in the high needs block down, from its peak of £3.4m overspend at the end of 2016/17. Last year's plan assumed a closing deficit of £2.098m in 2019/20, and the recovery of the deficit to have been achieved by the end of 2022/23. The actual closing deficit last year was £2.090m

6.2. The main elements of the recovery plan are as follows:

- The largest individual top up costs are in specialist placements out of county, particularly non maintained and independent providers. Part of the strategy is to invest in more local provision to avoid having to seek more expensive out of county placements for the growing numbers of pupil's requiring support. New resource unit places are being developed locally, and a new special school to be located in Wokingham is being built.
- Inclusion of high needs pupils in mainstream schools to avoid being placed in more expensive specialist provision. As part of this, additional funding for schools with a higher than average percentage of pupils with EHCPs was introduced in September 2018. In 2020/21 this cost is being met by a top slice from the schools' block DSG.
- The LA has also invested some funds to improve the SEND commissioning element that review SEND placements/contracts.
- The increase in allocation of the HNB DSG by approximately £2.0m in 2020/21, and in the following two years.
- 6.3. The DSG conditions of grant for 2020/21 have changed and now states that any LA with an overall deficit on its DSG account at the end of 2019/20, or whose DSG surplus has substantially reduced during the year, must be able to present a plan to the DfE for managing their future DSG spend. The plan should be shown to the local Schools' Forum and should be kept regularly updated throughout the year to reflect the most recent forecast position and be viewed as an on-going live document. We have been presenting and updating the plan for Schools' Forum as part of budget monitoring for the last two years, so this is nothing new for Reading. We also met with the DfE in June 2020, who were satisfied with our plan and progress made.
- 6.4. In order to support LAs, the DfE has produced a template as a planning tool and which can be used for presenting the plan at Schools' Forum. This includes some extra detail not previously brought to the Forum which will be collated and included in the next refresh of the plan. In the meantime, Appendix 4 provides information on the current plan, and paragraph 5.5 of this report provided details of the top up forecasts which are the main component of the plan.
- 6.5. The current forecast is that the high needs deficit will increase by £203k at the end of 2020/21, and the end of year carry forward will be £2.293m. The plan with the input of these projections shows that recovery of the deficit will happen in 2023/24, though this is now unlikely. Recovery would be very much dependent on the future high needs DSG allocations continuing to rise significantly each year, and that numbers of EHCPs do not significantly increase above the trend included in the plan. The plan will be refreshed for

2021/22 using current data and trends and a draft will be brought to the next meeting of the Schools' Forum alongside the high needs budget for 2021/22.

7. Appendices

Appendix 1 – DSG Allocation 2020/21

Appendix 2 – Summary DSG Budget and Forecast 2020/21 as at 31 December

Appendix 3 – Additional Information per Service for Appendix 2 table

Appendix 4 – Deficit Recovery Plan – as at December 2020

Appendix 1 – DSG Allocation 2020/21

Appendix 3 – Additional Information for Appendix 2 Table

SCHOOLS BLOCK

Line 1 - Individual School Budget – Schools formula budget for maintained Primary's and Secondary's.

<u>Line 2 - Growth fund</u> - The growth fund budget is for new/growing schools or bulge classes in response to basic need and is allocated to schools from the autumn term based on the criteria set by Schools' Forum.

DE-DELEGATIONS – Maintained Primary or/and Secondary Schools Only:

<u>Line 3</u> - Behaviour Support Services – Passported to Cranbury College to supply this service.

<u>Line 4 - Staff Costs to Supply Union</u> Cover – Pays for Union support and supply cover for staff engaging in union duties.

<u>Line 5 - School Improvement</u> – To fund staff and Projects within the service.

<u>Line 6 – Statutory/regulatory duties</u> - formally known as the Education Services Grant, for statutory duties carried out by the LA on behalf of all maintained schools such as internal audit, year-end accounts, central reporting, monitoring compliance with scheme for financing schools.

CENTRAL SCHOOLS SERVICES BLOCK

<u>Line 10 - Combined Budgets</u> - covers contribution towards Commissioning, school improvement advisors, MASH (Multi Agency Safeguarding Hub), virtual school for looked after children, Early Help – children action teams that covers family workers, Welfare, CAMHs and Education Psychology.

<u>Line 11 - School Admissions</u> – contribution towards the statutory admissions service for all Reading Schools.

<u>Line 12 - Servicing of Schools Forum</u> – contribution towards officer time for preparation of reports and attendance at meetings; cost of room hire; arranging meetings, minute taking, web site.

<u>Line 13 - Prudential Borrowing costs</u> – Borrowing costs for schools capital programme has historically been and will be funded by borrowing over many years. This is a small contribution to the overall borrowing costs.

<u>Line 14 – Other Items</u> – Copyright licences – national contract, purchased on behalf of all schools.

<u>Line 15 – Statutory/regulatory duties</u> - formally known as the Education Services Grant, for duties carried out by the LA for all schools, including academies. Includes DSG budgets, school funding formula, payments to schools, statutory returns, education welfare, asset management.

EARLY YEARS BLOCK

<u>Line 19 - Early Years formula funding</u> -2, 3 & 4 year old free entitlement funding including deprivation and early Years pupil premium and other early years grants relating to maintained nurseries and disability.

<u>Line 20 - Support for Inclusion</u> – Early Years Cluster funding and central staffing in Education department. Supports inclusion of children in early year's settings, supporting inclusive practices and resources that enable young children with SEND to have their needs met in these settings. There is also a contribution from the high needs block (in line 37).

Line 21 - SEN Support Services – portage and contribution to Dingley.

<u>Line 22 - Central Expenditure on Children under 5</u> – Early Years Team Staff including compliance, data, sufficiency and performance.

HIGH NEEDS BLOCK

<u>Line 26 - SEN Placements</u> – Place funding for pre 16 maintained Resource units (first £6k), maintained special Schools (first £10k), and Cranbury College up to the date they became an academy.

<u>Line 27 to 30 - Top-up funding for schools</u> - EHCP top-ups for nursery, primary, secondary, special and alternative provisions within any LA that has a Reading financial responsibility for the EHCP. This also includes Pupils without EHCPs in Pupil referral units

Line 31 - Top-up funding for FE Colleges - EHCP top-ups for students in further education colleges.

<u>Line 32 - Top-up funding and other funding – non maintained and Independents</u> - EHCP Top-ups for Independent and non-maintained special schools, and placements in other alternative private provision for pupils with or without a EHCP.

<u>Line 33 – Additional High Needs Targeted Funding (Inclusion Fund)</u> – financial support to schools with a higher than average number of pupils with EHCPs.

<u>Line 34 - SEN Support Services</u> – This includes Sensory Consortium (joint arrangement with other Berkshire LAs), virtual school, and ASD Outreach commissioned to Christ The King School.

<u>Line 35 - Hospital Education Services</u> – This includes Hospital Education unit at Royal Berkshire Hospital and Education for Pupils in Tier 4 CAMHs specialist independent mental health hospital provision which is commissioned by NHS England

<u>Line 36 - Support for Inclusion</u> – Funding for hard to place pupils (through Inclusion panel & Therapeutic Thinking approach), and central staffing (2 posts) in Education department, one for statutory functions including monitoring exclusions and one for ASD advisory support. The final year's payment to Manor School for the inclusion project, a contribution to the early years inclusion panel, plus early years place funding at Snowflakes.

<u>Line 37 - Therapies and other Health Related services</u> – Contribution towards Speech and Language, Occupational and Physio therapy. Jointly funded with the Clinical Commissioning Group.

Line 38 - SEN Transport – Contributions to SEN School Travel

<u>Line 39 – Repayment of deficit</u> – All of the 2019/20 deficit related to the high needs block, and this is a first call on the 2020/21 resources.

RECOUPMENT

<u>Line 46 – Individual School Budget</u> – School formula budgets recouped for academies.

<u>Line 47 - SEN Placements</u> – Placement funding recouped for academy resource unit places (£6k) and special school places (£10k), and Cranbury College from the date they became an academy.

Appendix 4 – Deficit Recovery Plan – as at December 2020

Original Plan for 2020/21

) 1. Recommendations

- 1.1 That Schools' Forum note the progress that has been made in this area.
- 1.2 That Schools' Forum agrees to consider the outcomes of the review particularly the banding review in due course.
- 1.3 That Schools' Forum thank schools for their work in ensuring the local offer is robust and fit for purpose.

2. Background

2.1 The SEND Strategy was agreed at the October 2017 meeting of the Schools' Forum; it was requested that regular updates regarding the progress of the SEND strategy would be brought to each meeting. The agreed priorities of the strategy are:

- SEND everybody's business
- Right support / right time
- Local provision that meets local needs
- Making best practice common practice
- Co-production at the heart of what we do: changing the way in which we work together with families operationally and strategically; doing with families, not doing to
- Parents / carers and young people are confident in local provision

2.2 There are 6 Strands to the SEND Strategy to achieve these priorities: Strand 1: Communication; Strand 2 Early Intervention through to Specialist Provision; Strand 3 Consistent approaches to mental health; Strand 4 Short Breaks; Strand 5 Preparation for Adulthood; Strand 6 Preparation for the local area SEND Inspection.

2.3 All SENDCOs have been given a Framework to record how they are currently implementing the priorities of the SEND Strategy and what actions the school will put in place to further achieve these priorities.

3. Progress to date

| | Nursery | Primary | Secondary | Post 16 / FE | TOTAL |
|---------------------------------------|---------|---------|-----------|-----------------|-------|
| Mainstream (includes resourced bases) | 3 | 348 | 230 | 289 | 870 |
| Special | 5 | 185 | 249 | 58 | 497 |
| Other (includes AP, home education) | 0 | 8 | 29 | 60 | 97 |
| TOTAL | 8 | 541 | 508 | 407 | 1464 |

3.1 Number of EHCPs: In December 2020 we had 1,413 children with EHCPs split across the following phases:

3.2 Reading EHCP by Primary Need

| Primary nee | d | | The three highest level of primary need are autism, SEMH, |
|-------------|--------|--------|---|
| ASD | SEMH | MLD | and MLD |
| 35.8 % | 19.9 % | 14.0 % | |

| NCY | ASD | SEMH | MLD | The breakdown of the percentage of |
|----------------|-------|-------|-------|---|
| Primary % | 59.3% | 20.0% | 20.7% | children with an EHCP with a primary need for autism, SEMH and MLD. |
| Secondary % | 47.5% | 33.1% | 19.5% | |

Table A: Percentage of children and young people
with an EHC plan maintained by the Local
Authority, at an additionally resourced provisionTable B: Percentage of children and young people
with an EHC plan funded by the Local Authority at
an independent or non-maintained special school

| | 2017 | 2018 | 2019 | | 2017 | 2018 | |
|--------------|------|------|------|------------------------|------|------|--|
| Reading % | 8.9 | 7.2 | 8.1 | Reading % | 9.0 | 8.5 | |
| Statistical | 4.5 | 5.3 | 5.4 | Statistical Neighbours | 9.9 | 11.9 | |
| Neighbours % | | | | % | | | |
| England % | 2.5 | 3.0 | 3.2 | England % | 12.9 | 13.9 | |

Table C: Percentage of children and young people with an EHC plan maintained by the Local Authority at a state funded special school

| | 2017 | 2018 | 2019 |
|------------------------|------|------|------|
| Reading % | 34.8 | 34.9 | 32.3 |
| Statistical Neighbours | 35.8 | 34.5 | 33.6 |
| % | | | |
| England % | 36.0 | 34.8 | 33.6 |

3.3 CYP in mainstream resourced provision and special schools

One of our SEND Strategy priorities is to keep our children and young people local to their communities. Reading has a higher percentage of children and young people in an additionally resourced provisions local to their home. Reading has a higher percentage of resourced provision than our statistical neighbours or England, and we have a lower percentage of CYP attending independent or non-maintained special schools (Table B) or state funded special schools (Table C).

Therefore, we are looking at increasing the additionally resourced provisions in Reading, and increasing the capacity for schools to be fully inclusive.

The majority of schools have updated their local offer to ensure it is fit for purpose.

4. SEND review

As reported to the last Schools Forum, we have started a major review of our SEND finances and provision in Reading. We are working on the following as key elements of that review:

- Capital investment to include expansion of provision
- Revising our SLAs with schools to ensure they are fit for purpose
- Refreshing our admissions process for resourced bases and our maintained schools
- Revenue funding and ensuring our funding arrangements deliver an appropriate resource to support the needs of the child or young person.

• Reviewing alternative provision – as reported to the last Schools Forum, this work is being chaired by Mandy Wilton.

A project group is in place and has met twice. Project documentation is being developed to ensure all the interdependencies of these various strands of work are co-ordinated effectively.

Alongside this work we will be reviewing our Self evaluation framework and our SEND strategy (the strategy finishes in 2022). Alongside our partners in Berkshire West we will also be piloting a new process for supporting children at a much earlier stage. This follows a multi agency audit conducted earlier in the year.

The audit highlighted that the period prior to requesting an EHC assessment is key in ensuring that every avenue of support is explored prior to initiating an EHC assessment so that the child accesses the right needs led support at the right time in the right place. This might be in an Early Years setting, primary or secondary school. There is a wealth of Ordinarily Available support available for all ages which does not require an EHCP to access. An EHC assessment should be applied for only when needed.

5. Funding Arrangements Review (Top Ups)

At the last meeting of the Schools' Forum a range of options were put forward to be further explored as a future funding model. As mentioned above, a project group is in place and a Project Manager has been designated to lead on this work.

A detailed costing review of all our resource provision has commenced, but so far only two schools (Christ the King and Blessed Hugh Faringdon) have submitted the required data in order to carry out this review; it is hoped that this can now be completed early in the Spring term.

6. Capital investment

Alongside our review of revenue funding, we are investing in capital to ensure the supply of places meets demand. This includes:

- Establishment of a new free school Oak Tree in Wokingham with provision for ASD and SEMH
- Two primary mainstream resource units for Social Communication Difficulties in schools in the West and North of Reading. The first of these will be based at Southcote School. Each unit will provide 12 places.
- Early Years initial scoping of 2 SCD resources to be based in 2 early years providers. This work will feed into the Council's capital programme.

-

7. Summary

The SEND Strategy continues to be embraced by all partners and is being embedded across services. The SEN Review will enable us to continue the work on our strategic priorities and to ensure local provision for children with SEND is available and fit for purpose.
