Dear Brian,

Please find attached an FRA technical briefing note, in relation to the proposed redevelopment of the Reading Station Park (RSP) site. The note responds to the matters raised by the EA in their letter of 14th May relating to the RSP planning application.

Also to update, we are currently engaging with Historic England directly, to discuss their comments regarding the application, and hope to formally respond to these shortly.

We have not yet seen a response from the Highway Authority and there doesn't appear to be one online. Please can you provide an update on this. Also when we last spoke, we discussed having a combined highway/landscaping meeting in relation to the Vastern Road frontage. If this would still be helpful, we would be happy to suggest some meeting dates.

I look forward to hearing from you.

Kind regards
Marie
