Application Number: 200328

Name: Helen Copping

Address: 15 Edgehill Street

Comment Type: Object

Comment: More flats for people who will work in London and come to Reading only to sleep. These are not family homes. These are long-term homes. These will not be affordable homes. The last thing our town needs is more flats. Beside that, the area around Vastern Road has bad enough traffic as it is, without adding 600 more residences.
